HOW TO MAKE APPLE PIE!

You Will Need:
For the apples:

- 4-6 apples
- 5 tbsp of sugar
- 3 tbsp of water
- 3 tsp cinnamon (optional) ✓

You Will Need:
For the pastry:

- 225g plain flour ✓
- 100g butter ✓
- 2-3 tbsp of water ✓

1. Cut and peel your apples in to smallish slices or chunks. ✓

Remember, when cutting, always put your hands in a bridge shape! ✓

This delicious and nutritious pie contains tart but satisfying apple inside, it's best served beside freezing cold ice cream. It's a taste sensation for any formal or informal guests you may have and a hit with kids. ✓✓

2. Place the apple carefully into a saucepan, then pour in the water and sugar plus cinnamon if you want it. ✓

(to taste) ← A more formal way of saying the above. ✓

3. Cook the apple until it is smooth and purified. ✓

4. Whilst this is cooking, in a clean bowl skillfully rub the butter and flour together with your finger tips till it gathers breadcrumbs. ✓

5. Knead in the water slowly to make dough, split it in half and roll it out, place one half laid in a tin. Cut round the edge of the tin. *to remove excess pastry.*

6. Pour in the apple slowly then put the other half of rolled out dough on top. ✓
