

Weekly Newsletter 4th July 2019

Dear Parents,

The Eagle Owls bake off on Monday produced an amazingly high quality of results. The children could enter in the starter, main or dessert categories, and there was a wide range of impressive dishes made- as you can see in the pictures below! Mr Heatley and Mrs Campbell, spent considerable time tasting and judging the (anonymous) food- winners to be announced in assembly tomorrow. Many thanks to Mrs Awbery and Mrs Graves for organising this excellent event- and for the time they have both put into cookery club over the years, no doubt one factor in the high quality of the entries.

Also on a cooking theme Barn Owls said goodbye to Miss Chapman on Tuesday by making pizza from a recipe in Italian (pictures below). Snowy Owls similarly enjoyed a fantastic day with Miss Smith and the other Key Stage 1 staff in holding a 'beach day' on Friday. This involved a carousel of themed activities drawn from across the curriculum, and culminating with some ice-cream and sunbathing!

On Tuesday we welcomed Adrian Hall from 'Active Outdoor Discovery' for a day of orienteering on the school field. Each of the classes had a session with Adrian, learning about map-making, directions, distance, and for the older children using a compass.

Finally, next week we will be holding our 'move up mornings' in school, to coincide with the majority of our Year 6 children attending the Hethersett Academy transition days on Tuesday and Wednesday. The children here will spend just the morning in their class groups for next year on these two days, and we will also be welcoming our new joiners from September.

The recipient of this week's Head Teacher award is:

Stanley (1) - confident work in computing

ATTENDANCE MATTERS

every school day counts.

Last week's attendance was: 94%

Year to date attendance was: 95.936%

No year groups achieved 100% attendance

N.B. These dates/times could be subject to change.

Summer Challenges

In these half term challenges we will be focusing on the environment and climate change!

Create a video to send to us explaining:
What climate change is
How It is caused
What can we do to change/help
What are the benefits of making changes
(1 credit)

Make a solar oven
<https://www.digitalmomblog.com/solar-oven/>
(1 credit)

Try your hand at being a seamstress, recycle an old piece of clothing to make something new. How about a tshirt bag?

<https://www.instructables.com/id/No-Sew-10-Minute-T-Shirt-Tote/> or a jean cushion
<https://www.wikihow.com/Make-a-Pillow-out-of-Jeans>
(1 credit)

Make a poster to display at home of all the things your family can do to help the planet (recycle, turn taps off when brushing teeth, grow your own veg) put a fact against each item to explain the benefits i.e. "by turning the tap off whilst brushing your teeth you could save 200 gallons of water per month"
(1 credit)

**Visit a new learning destination within walking/cycling distance and travel by foot or bike. Using a car to travel short distances is not very economical on fuel and impacts on climate change which makes no sense when you can travel by alternative methods.
(1 credit)**

**Go an entire 24 hours without the use of technology (this includes TV, mobile phones, laptops, tablets etc) and write about the differences you noticed in your day. How did this impact on your day? Was it a positive or negative experience?
(2 credits)**

With all the changes in our climate it is more important than ever that we help our wildlife. Let's help butterflies and bees this summer by making your own seed paper and giving it to friends and family to encourage them to plant flowers/ veg in their garden.

**<https://www.thesprucecrafts.com/how-to-make-seed-paper-2905562>
(1 credit)**

**The average person's carbon footprint is about 10 tonnes, which is equivalent to filling 24 million balloons with carbon. If we all ate locally sourced food we could reduce our carbon footprint by 13% which would be 20 million 880 thousand balloons which is still a lot but is a huge difference. In America they have "National Eat Local Day" on September 22nd. We think this is a wonderful idea so in recognition of this, we would like you to "Eat Local" at least one day this summer to support local businesses and to reduce your carbon footprint. This could mean buying from a local farm shop or eating at a local independent restaurant. We want you to then tell us about what you did by sharing a photo and review on our Facebook page or via email.
(2 credits)**
