Subject Access Request

Subject Access Request Procedure

Introduction

Scope

This procedure applies to all personal data processed by Little Melton Primary School, excluding personal data that is asked for as a matter of routine by data subjects.

Data subjects are entitled to exercise their right of access under the General Data Protection Regulation (GDPR) to any personal data about themselves and, if the request is valid, be provided with the requested information in an easy to access format, free of charge, within one calendar month* of the request.

*See 'Deadlines' below for variances to this.

Who

This procedure is applicable for all staff and managers:

- All staff are responsible for ensuring that any request for information they receive is dealt with in line with the requirements of the GDPR by following this procedure;
- All staff have a responsibility to recognise a request for information and ensure it is passed to the responsible member of staff and/or the Data Protection Officer within two working days.

What is the purpose of the right of access under GDPR?

The GDPR gives as the reason for allowing individuals to access their personal data as so that they are aware of, and can verify the lawfulness of, the data processing (Recital 63).

Definitions

- **Personal data** means any information relating to an identified or identifiable natural person ('data subject'); an identifiable natural person is a person who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or by one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.
- **Data subject rights** – this refers to the rights that the GDPR gives to data subjects in relation to their personal or sensitive data including:
 - The right to be informed on what data is processed/shared, how and why;
 - The right of access (i.e. subject access requests);
 - The right to rectification, correcting errors;
 - The right to erasure (i.e. the right to be forgotten);
 - The right to restrict processing;
 - The right to data portability;
 - The right to object;

Subject Access Request Procedure

- Rights in relation to automated decision making and profiling using personal data.
- **Subject access request (SAR)** – a request made by a data subject for information about, and access to, personal data about themselves that The Organisation is processing, including:
 - a description of the personal data;
 - where/how it is being processed;
 - the purposes for which it is being processed;
 - details of who is allowed to see the personal data;
 - how long it will be kept.

How to recognise a valid Subject Access Request (SAR)

There is no formal way to submit a request. Valid SARs could be sent in writing, including by letter, fax or by electronic means for example: by e-mail, a website form, texts, Facebook or Twitter. They can also be submitted verbally.

They include all requests for personal data, whether or not the data subject has referred to data protection, SARs, the Data Protection Act and include requests which refer to Freedom of Information instead. It is up to you to recognise the request and deal with it as helpfully as possible.

Verbal requests are considered valid, but good practice suggests staff members receiving such requests, should record the details of the request and confirm the details with the requester in order to avoid later disputes- **inviting them to complete the relevant proforma (see below)**.

Who can receive a SAR?

A SAR can be given to any member of staff, contracted, permanent or otherwise.

Deadlines

Schools must deal with all reasonable requests within one calendar month, starting on the day the request is received. Variances to this may include:

- If an identity (ID) check or further information is required to comply with the request, then the deadline will be calculated from the date when the new information is received.
- If the request is deemed complex, the data subject should be informed of the decision and the deadline may be extended by up to two months.

The data subject must also be informed as soon as possible if school holidays could impact the school's ability to carry out ID checks and/or meet the one calendar month deadline.

The SAR procedure

The objective of the procedure is to make sure that the request is properly received and documented and that the nominated Data Protection person can respond to the request in a

Subject Access Request Procedure

correct and timely manner.

General staff role:

1. **Request is received** from a Data Subject.

- 1.1. Notify the responsible member of staff -Headteacher.
- 1.2. Do this without delay, and within **two working days** of receipt of the request.
- 1.3. When the SAR is completed, the DPO will mark as closed.

Data protection lead & DPO role

2. The responsible members of staff for dealing with SARs [Mr Pritchard] **qualifies the request and confirms** the identity of the data subject.

- 2.1. If an ID check is needed, the one calendar month deadline starts from when the new information is received.
- 2.2. If further information to clarify the data request is needed, the one calendar month deadline starts from when the information is received. If the data subject does not provide further clarification, the SAR must still be actioned.

3. If the identity/request is qualified, **evaluate the request** and compile the requested information:

- 3.1. The time available under GDPR is **one month** to provide the information **free of charge**, unless a request is complex, manifestly unfounded or excessive/repetitive.

4. **IF** requests are complex, manifestly unfounded or excessive, in particular because they are repetitive, the DPO can decide to:

- 4.1. For complex requests - extend the time by a further two months (while still notifying the data subject of this decision within one month). In these cases, the most senior level of the organisation will be involved, usually the Governing Board or board of Trustees;
- 4.2. For excessive/repetitive/unfounded requests - charge a reasonable fee for administrative costs of providing the information; or provide a negative response to the request.

5. **Compile and send** the requested data.

- 5.1. If the request was made electronically (digitally), you should provide the information in a commonly used electronic format.
